SUMMARY

An Ambitious Software Engineer who loves problem solving. Gained experience in backend, frontend technologies and want to join a passionate team to enhance my knowledge in backend. I'm a self learner, eager to work and gain more experiences. Seeking a job opportunity as a junior BackEnd.NET Developer to gain experience from seasoned experts in the field. I am constant learner, self-disciplined, and a team player with good communication skills, and ready to learn any technology stack. I am enthusiastic about developing software applications using .NET technologies. Also, I have side interests in Frontend field.
